Bachelor of Psychology (Honours)

(N-DL/0313/6/0059) (06/32) (MQA/PA 18232)

PROGRAMME DESCRIPTION

The Bachelor of Psychology (Honours) program at Lincoln University College, offered in Open and Distance Learning (ODL) mode, provides students with a comprehensive understanding of psychological theories, research methods, and practical applications. The program covers key areas such as cognitive, behavioural, and social psychology, mental health, and psychological assessment. It aims to equip students with the skills necessary for careers in clinical psychology, counselling, and research. The flexible ODL format allows students to study at their own pace while gaining the knowledge and competencies required to pursue further education or work in various psychological fields.

PROGRAMME AIM

The aim of the Bachelor of Psychology (Honours) program is to provide students with a thorough understanding of psychological principles, research methods, and ethical practices. It prepares graduates for careers in psychology, focusing on developing critical thinking, research skills, and practical expertise for further studies or professional practice. The program aims to produce postgraduates who are able to:

- Apply the advanced knowledge and concepts in analysing psychology work through theories and evidence-based findings.
- Capable of adopting practical measures with interpersonal accuracy through effective communication in psychology related task.
- Proactively acquire digital and numeracy skills in managing scientific solution to complex problems.
- Effectively utilizing leadership, autonomy and responsive skills to personally undergo entrepreneurial work in psychology programme.
- Empower integrity through professionalism and ethics in psychology related task.

CAREER OPPORTUNITIES

Graduates of the Bachelor of Psychology (Honours) program have diverse career opportunities in various sectors. They can work as Clinical Psychologists, Counselling Psychologists, or Mental Health Practitioners, providing support to individuals with psychological issues. Other career paths include roles as:

- Research Assistants
- Human Resource Managers
- Behavioural Analysts
